The issuance of this permit is conditioned upon compliance with all facets of the approved permit application and/or the subdivision plan from which this lot was created, to include, but not be limited to, soil erosion controls, stormwater management, grading plan, monument placing and all other details of the subdivision approval.

If, upon inspection, work is being done other than as approved, a Stop Work Order will be issued with the condition that corrections be made before any work is resumed.

If it is necessary to make a change, the proposed change shall be detailed by the applicant and submitted in writing. A written approval must be received prior to proceeding, as requested. Failure to procure written change approval will result in an obligation to construct as originally approved.

When inspection for a Use and Occupancy Permit is made and it is noted that the provisions of the permit issuance and/or subdivision approval have not been accomplished, a Use and Occupancy Permit will NOT be issued.
