"Between the Brandywines"

## TOYS FOR TOTS

U.S. MARINE CORPS RESERVE

### TOYS FOR TOTS

Tuesday, November 12th  
through Thursday, December 5th

West Bradford is thrilled to serve as a collection site for Toys for Tots this holiday season! We invite you to brighten a child's Christmas by donating a new, unwrapped toy. You can drop off your donation in our Township lobby at 1385 Campus Drive. Thank you for spreading joy and making a difference in our community!

### TROOP 52 TREE PICK-UP

West Bradford Troop 52 will be your best option for collecting your Christmas trees this year. Just scan this QR code and it will take you to our form for pickup. This fundraiser pays for our scouts to go to summer camp each year.

## December Holiday Events

### Join Us for Breakfast with Santa on December 7

**WHERE:** West Bradford Fire Company Main Station, Marshallton

**TIME:** 8:00am-11:00am

Get into the holiday spirit at the West Bradford Fire Company! Enjoy a delightful breakfast prepared by the Ladies Auxiliary, which features scrambled eggs, fluffy pancakes, sausage and toast. Wash it down with an assortment of beverages, including coffee, tea, hot chocolate, milk, and juice! Bring your family and friends to meet Santa and support a great cause, as all proceeds benefit the Fire Company. *Pay at the door.*

### Join Us for the Village of Marshallton Tree Lighting on December 7

**TIME:** 4:00pm-6:00pm

Kick off the holiday season in the charming Village of Marshallton! Enjoy an afternoon filled with festive cheer as you:

- Welcome Santa Claus as he arrives by wagon
- Delight in the sounds of Colonial Carolers
- Savor delicious refreshments

The highlight of the evening is the tree illumination at 6:00 p.m.—a magical moment for the whole family! This beloved tradition is proudly sponsored by Friends of Martin's Tavern. For more details, visit [martinstavern.org](http://martinstavern.org). We can't wait to celebrate with you!

### Operation Santa on December 21

Get ready for a festive surprise as Santa rides into town in style! Listen for the sirens as he travels through the Township on a fire truck, spreading holiday cheer to all the good little girls and boys. The dedicated firefighters escorting him will be handing out plenty of candy canes, so don't miss out!

*Note: This event is weather permitting.*

# Message from Township Manager

## DEAR RESIDENTS,

As we close the book on 2024, it's a good time to reflect on some moments that defined our year as well as discuss some opportunities we foresee in 2025. Join me in a quick recap.

In 2024 we successfully launched our new and improved Township website. While our old site was informative, it lacked in ease of use for residents to navigate. During the winter of 2023-2024 our staff worked through the issues on the old site and carefully began crafting the updates in early 2024. If you haven't visited our site recently, check it out at [www.westbradford.org](http://www.westbradford.org). And, as always, don't hesitate to share feedback on ways we can continue to improve. Along with the new website, we launched "The Leaflet", West Bradford's very own ENEWS source. The Leaflet highlights events happening in the Township, shares important, relevant information, and gives a monthly update on Board of Supervisors actions. You can sign up for our ENEWS alerts on our website!

In other big news, over the summer of 2024, we finally closed on the Embreeville State Hospital property. The site will remain closed to the public in the short term while we work to correct site safety issues. We look

forward to beginning the work that will transform the site into a beautiful landmark and asset for the residents of our Township.

As I begin my 10th year as the Township Manager, I can't help but express my gratitude and appreciation for the amazing staff at West Bradford Township. Each day, I see them excel in their various areas and accomplish things that otherwise would seem next to impossible. Over the past several years, the staff has researched, sought out, and were awarded over \$13,000,000 in outside agency funding! This monumental number allows us to continue to deliver the best services, best parks, best trails, and best roads anywhere around without having to place that burden directly on the taxpayers. I applaud the staff for their diligent effort to consistently seek the best way to accomplish our goals while placing the least burden on our residents.

Speaking of our wonderful staff, we've also added some new faces, and reassigned existing roles to the West Bradford Township staff. Chris Adamek, who served as our Code Enforcement Officer was promoted to Director of Planning, Zoning, & Codes. Our former Director of Planning, Joe

Antonelli, has taken over as Director of Parks, Recreation, & Open Space. Also joining us in 2024 as our Permit Technician is Samantha Barbeau. You can meet Samantha at our front office if you're picking up a permit. In our Public Works Department, we are joined by our newest employee, Matthew Sampson. Lastly, Jake Flynn has worked in our Public Works Department but recently made the brave decision to enlist in the United States Army. We wish Jake the best of luck and safety and we thank him for his selfless commitment to our country.

In closing, we look forward to bringing you more exciting updates as we move into 2025. Stay tuned to our website, ENEWS, Facebook, Instagram, and X. Wishing you and your family a very Merry Christmas, Happy Holidays, and a happy and healthy 2025!

## Enterprise Funds in West Bradford

By: Justin Yaich, Township Manager

What is an enterprise fund? Well, I'm glad you asked. An enterprise fund is much like a private small business which operates independent of the Township's general operating fund account. Enterprise funds must be self-sustaining. In other words, the user fee established for the service should be designed to generate sufficient revenue to sustain the fund or business. Enterprise funds utilize separate accounting and are often used to fund significant capital projects. An enterprise fund is used when a service is not available to all residents of our community.

### West Bradford Township operates two Enterprise Funds: Refuse / Recycling and Wastewater Treatment.

Our Refuse / Recycling program only services certain residential dwellings. We do not service commercial accounts or mobile home parks. Similarly, our Wastewater Treatment Plants only serve approximately 1,000 households. Other households are either served by on-lot septic systems or a separate utility franchise, such as Community Utilities of PA, Inc. We'll talk a little about each of those funds separately.

### Our Refuse / Recycling program

is arguably one of the best run services around, providing trash and recycling collections for nearly 5,000 homes at one of the lowest rates in Chester County. A large percentage of the expense in operating a trash and recycling business is the tipping fee (dumping fee) to dispose of waste and recycling. For 2025, West Bradford Township will pay \$83.00 per ton to dispose of waste at the Lanchester Landfill.

*Continues on next page*

# Enterprise Funds in West Bradford

*Continued from page 2*

Our recycling cost has dramatically increased over the past several years with tipping fees as high as \$61.00 per ton. While \$61.00 is expensive, it is still cheaper to recycle, and it is the right thing to do for the environment. West Bradford averages around 5,000 tons of waste per year and an additional 1,700 tons of recycling per year. That puts our waste disposal fee at around \$415,000.00 and an additional \$103,700.00 for recycling. These two disposal fees account for a little over 29% of our operating budget. The fund also provides for replacing one (1) refuse / recycling truck every two years. This allows us to maintain a new and reliable fleet for our services. A refuse / recycling truck now costs \$400,000.00 after municipal discounts, which represents a \$200,000.00 annual requirement or 11% of our operating budget. The refuse / recycling department employs five (5) full-time employees; four drivers and one foreman. Each of the four drivers covers two (2) trash routes and two (2) recycling routes per week. Wednesdays are designated for vehicle maintenance or collection on weeks when a holiday changes the schedule. Employee-related expenses cost us approximately \$580,000.00 annually and represent 33% of our operating cost. Diesel fuel and maintenance accounts for an additional \$262,000 per year and represents approximately 15% of our operating budget. The remaining 12% of our operating budget is dedicated to funding our compost site located at 2020 W. Strasburg Road as well as providing specific services like leaf and bulk collection, and electronic waste recycling.

We are fortunate to have a very talented and dedicated group of employees in our refuse and recycling operation. Two employees we would like to highlight are our Foreman, John Steffy and our Administrative Assistant, Paige Tomczak. Both John and Paige received their Professional Recycling Certification in 2024!

**Our Wastewater Enterprise Fund** is used to operate our two wastewater treatment facilities, Dupont and Strasburg Wastewater Treatment Plants. The DuPont Wastewater facility processes around 30 million gallons of wastewater per year while the Strasburg Wastewater facility processes around 20 million gallons of wastewater per year.

The total operating expense for the two treatment facilities comes in at over \$1,000,000.00 annually. The plants are operated by Scott Address, our Public Works Director and Alex Jarvis, our Public Works Supervisor. In addition, we have a full-time Sewer Technician, Bryan Boyer, who handles all day-to-day maintenance and after-hours call outs. Our two wastewater treatment facilities serve over 1,000 households in West Bradford. Each household is charged \$900.00 annually per EDU (equivalent dwelling unit). A typically single-family home accounts for one (1) EDU. In 2016, we began to chip away at reducing the annual fee to our customers. In 2016 the rate was \$1,090.00 annually but through diligent hard work and cost saving measures, by 2022 we were able to whittle that fee down to \$900.00 annually and have held it at that rate since.

Another source of revenue for the Wastewater Enterprise Fund is the collection of tap-in fees that developers pay for the ability to use our public facilities. Over the past several years, we have collected a sizable amount of tap-in fees. Using a series of outside grant funding, we were able to expand on those funds. In 2024 alone, we sought out and were awarded nearly \$1,000,000.00 in grant funding for upgrades. In 2025, the Township will invest approximately \$2,000,000.00 of developer

fees and grant funding to update, upgrade, and improve the efficiency of our facilities. These investments should position both plants well as we move into the future. Some of the improvements include sludge removal from our storage lagoons, new energy efficient aerators, manhole relining, control upgrades, force main flushing, new HVAC, fence repairs, and changing our controls to variable frequency drives (VFD) which also reduces energy consumption. 🌿

## NEW! Resident Reward Program

Do you practice sustainability at home? Are you looking for more ways to "Preserve & Conserve?" Then this program is for you! Be acknowledged and rewarded for your sustainability efforts! West Bradford Township and its Land Preservation & Sustainability Committee invite residents to become part of the "Preserve & Conserve" Resident Reward Program.

Any resident is eligible, and all it requires is learning about topics and completing a short application that asks you how your household

practices sustainability. As your residence's sustainability practices increase, you can gain more recognition.

Scan QR code to apply today! 🐾

## WEST BRADFORD FIRE COMPANY

By: Jack Law, Fire Chief

We would like to offer some colder weather tips to keep everyone safe. If you are using an auxiliary heating aid such as a pellet stove, woodstove, or fireplace please make sure to have your chimney cleaned and inspected as well as the heating appliance itself. If you have other heat sources, please make sure to follow the manufacturer's recommendations for a safe operation.

**Please keep space heaters away from draperies, furniture, etc. Please make sure your smoke/heat and carbon monoxide detectors are within date, unexpired, and have fresh batteries.** There should be at least one carbon monoxide detector and multiple smoke detectors on each floor, especially in or outside your sleeping quarters.

West Bradford Fire Company is always looking for additional volunteers! We will provide you with training, protective equipment and comradery that will last a lifetime, and we get to do some really neat things! We currently have members from all occupations as well as students who are learning to become firefighters and EMTs. We are certain you will enjoy your time spent with us.

Currently we are an all-volunteer organization, our numbers are dwindling, and to keep our costs down we are seeking some new volunteers to help. In most cases a full-time paid firefighter costs approximately \$80,000.00, we would like to continue the tradition of volunteerism, however, need your support.

Please stop by on Thursday evenings around 7:00pm or send us an email at [info@wbfc.org](mailto:info@wbfc.org) or [chief@wbfc.org](mailto:chief@wbfc.org) and we will be sure to get in touch with you. We also appreciate any financial donation you can provide during our annual fund drive.

## Bradford Meeting Annual Christmas Sing

All are welcome to join West Bradford's Quaker community on Sunday, December 15th at 11:00am for the annual Christmas sing held at the Bradford Friends Meetinghouse. We invite you to experience a simple yet heartwarming celebration of the true spirit of Christmas with family, friends and neighbors. Refreshments will be served afterwards.

The entrance to the Meetinghouse, which is located at 1366 West Strasburg Road, is approximately 100 yards west of the West Bradford Firehouse on the opposite side of West Strasburg Road (Route 162) in the village of Marshallton. For more information on the Bradford Friends Meeting, please visit [www.bradfordfriends.org](http://www.bradfordfriends.org). 🐾

## Oh, The Holidays! Decorate, Taste – Watch Your Waste!

By: Patti Lynn, *Recycling Resources Manager*

Quick – what time of year generates the most trash for landfills? That's right, it's the holiday season. There's online shopping and shipping, wrapping paper, more uneaten food, new toys, and electronics. You get the idea. Household waste increases about 25% this time of year!

### Can you be more TrashSmart? Try these ideas (or even just one!):

- Downsize – Smaller gathering, less decorations, careful gifting\* so you create less waste
- Reusable, durable plates and silverware, cups, napkins, tablecloths (ask about renting)
- Shop (and wrap!) with reusable bags
- Electronic invitations – Evite®, Greenvelope, Punchbowl®
- Plan for guests to bring food in their own containers they can take back home, OR
- Have guests bring reusable containers for leftovers they may take home
- Cleaning the house – old socks for dusting rags; microfiber fleece cloths are washable
- Use vinegar for glass surfaces
- Online resources like this "Guestimator" on [savethefood.com](http://savethefood.com) can help you plan how much food you need
- \*Gifts for experiences – tickets to an event, museum or zoo membership, cooking class or trip
- \*Gifts of your time – Babysitting, pet sitting, gardening help, lessons for a new hobby, teach someone a new skill
- \*Gift cards for services, not goods – gas stations, car washes, hair/nail salon, massage, lawn service, audio books, pet services
- Homemade food and gifts show your creativity, time, and effort
- Wrap gifts in reusable items such as cookies in a flowerpot, or wine bottle in a new dishtowel

**RECYCLING BIN:** *Non-metallic wrapping paper and greeting cards without batteries*

**COMPOST:** Evergreens, tea bags, coffee grounds, leaves, twigs, fresh cranberries, produce scraps

**GARBAGE CAN:** Cellophane, tissue paper, musical greeting cards, plastic ware  
**BATTERIES are special** – Visit [www.chestercountyswa.org](http://www.chestercountyswa.org) for more information.

So, for this new year... celebrate how mindful you are with sustainable consumption and disposal practices. 🍀

## Excess Holiday Trash

During the holiday season we at the Refuse Department are in full swing. To ensure this year goes as smoothly as possible for all residents and the department, we would like to go over some reminders as we march toward the holidays.

- Extra bags of trash require green WB stickers
- Bags of trash will not be collected as bulk items
- Large cardboard boxes can be brought to the Township campus or placed curbside with recycling
- Bulk items will not be picked up in cardboard boxes

Excess refuse stickers can be purchased at the Township office for \$2.50. If you have any questions about our Refuse Program please contact the Township office. Have a safe and happy holiday! 🍀

# West Bradford Scouting Minute

By: John J. Bossong, III, *West Bradford Scouting Coordinator*

Cub Scout Pack 152 has been busy this fall! The Cubs fished the pond at Springton Manor in August, toured Down to Earth Harvest Farm in September where they learned a lot from Farmer Bob and camped out at Camp Linden in October. A Scout is helpful and kind and the Cubs are showing it as they help combat food insecurity at Brandy's Pantry at the YMCA in Coatesville in October and November. Regular Pack meetings are the first Wednesday of each month, join us for a meeting and one of our monthly adventures! Email [wbscoutingunits@gmail.com](mailto:wbscoutingunits@gmail.com) for more information on Pack 152.

The Scouts in Troop 52 have been busy with activities and camping over the past year. Our Troop has been active in the community, volunteering at the Easter Egg Hunt and participating in the Marshallton Memorial Day Parade, West Bradford Day, and most recently the Fall Festival.

Our Scouts have been meeting weekly in Marshallton and have been camping at several different camps over the past months including Camp Horseshoe, French Creek State Park, and the Blue Rocks Campground. We have been able to

work on rank requirements and merit badge requirements at our meetings and camping trips, helping the scouts to progress toward earning their Eagle Scout.

We recently celebrated our newest Eagle Scout, Anthony W. Several of our Scouts will be working on Eagle Scout projects in the coming year. We are happy to be part of a community that supports the Scouting Spirit! Additional information and our Troop Calendar can be found on our website, [bsatroop52.org](http://bsatroop52.org). 🦅

## Downingtown Library

The Downingtown library is here to serve the West Bradford community! Patrons visit our building to study, read, and even work remotely. Families enjoy the play areas, or they sit to read picture books together. People come every week for story time and knitting group, or monthly for book club and writers' group. As one patron said after she joined board game night while just stopping in to print, "The Library is really becoming a community hub, isn't it?" And, of course, plenty of our patrons just come to take out a book – or five! We need the community's support to continue offering a wide variety of programs and materials, as well as a comfortable space to read, play, and study. Your tax-deductible contribution to the library helps us continue to serve the community. You can give online at <https://bit.ly/GiveDTLibrary> (scan QR code) or contact us at 610-269-2741 to request a donation mailer. Thank you for your support!

## FENCES

By: Chris Adamek, *Director of Planning, Zoning, and Codes*

Are you thinking about installing a fence on your property and wondering if a permit is required? The answer is maybe. Generally, a fence that is not more than 6 feet in height may be installed on your property and may be placed up to your property line or a street right-of-way line without the requirement of a permit. Any fence that is more than 6 feet in height does require a permit and approval from the Township prior to installation.

If you have a pool on your property, the fence may or may not be considered a safety barrier. All pools, whether in-ground or above-ground, must comply with the safety barrier requirements of the adopted building codes. There are specific requirements for height, being non-climbable, and self-closing and latching gates, as well as West Bradford Township Zoning regulations for the location of the safety barrier. Because of this there is a difference between a fence and pool safety barrier, so please keep this in mind whenever you are looking to replace any existing fence on your property. We are always happy to discuss and assist you with your projects to ensure that you get it right the first time.

## PET OF THE MONTH: MEET DOLORES!

Dolores is a 6 month old English bulldog who loves to give kisses! She enjoys SHORT walks and LONG naps. Her favorite time of day is meal time. She loves being outside in the shade and will always accept a good belly rub.

Enter your pet to be featured as our "Pet of the Month" in the eNews and on social media at [www.westbradford.org/293/Pet-of-the-Month](http://www.westbradford.org/293/Pet-of-the-Month).
