

# WEST BRADFORD TOWNSHIP

*"Between the Brandywines"*

## Holiday Tree Disposal Options

West Bradford residents have three easy options to get rid of those dried out evergreens!

**OPTION  
#1  
[ FREE ]**

**OPTION #1:  
Drop-Off at the  
Municipal Campus  
(FREE!)**

Trees and greens may be dropped-off at the Municipal Campus, 1385 Campus Drive, at any time from December 25 to January 31. Stands, ornaments and plastic bags must be removed so that the materials can be shredded into mulch. Please note that wreaths are not accepted.

**OPTION  
#2  
[ FREE ]**

**OPTION #2:  
Drop-Off at the  
Compost Site  
(FREE!)**

The Compost Site, 2020 West Strasburg Road, is open on Wednesdays and Saturdays from 9:00 a.m. to 2:00 p.m. Don't forget to remove any ornaments, stands or plastic bags!

**OPTION  
#3  
[ \$10.00 ]**

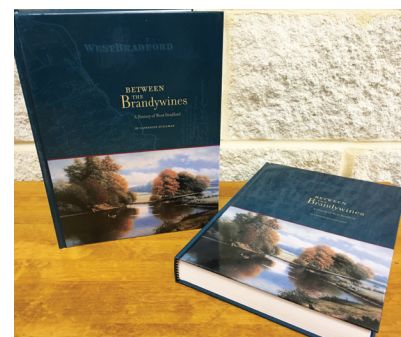

**OPTION #3:  
Pick-Up at Your Curbside**  
For a recommended contribution of \$10 the Boy Scouts of Troop 52

will collect your holiday tree curbside. That's convenience! Please help the Boy Scouts in this fundraising/service endeavor. Sign-up for the Christmas Tree Pickup will be hosted at: <https://christmastreepickup.everbrite.com/>.

## It's Not Too Late to Finish Your Holiday Shopping! West Bradford Township Art and History Make Great Gifts

### *Between the Brandywines—A History of West Bradford Township* by Catherine Quillman

Discover the story of West Bradford Township. Its rolling farmlands and winding streams have been home to the Lenape Indians, Quaker settlers and Revolutionary leaders. Its residents, including scientists, inventors, artists, explorers and movie stars, have shaped events that spurred Methodist "Thunder" revivals, the Association for the Detection of Horse Thieves, and an unexpected landing by Charles Lindbergh.

*Between the Brandywines* contains more than 400 pages and includes over 250 photos, maps, and drawings. The book is available for purchase at the Township Building for \$25.

### Temple-Webster-Stoner House 15" x 20½" Art Prints by Richard Bollinger

West Bradford Township is pleased to offer this limited edition print of one of the most historical structures in our community.

Tucked into a hillside along the banks of the idyllic Broad Run Creek, the Temple-Webster-Stoner house is one of the region's finest aesthetically unaltered examples of "Penn Plan" architecture. Constructed in the early 1700's from local fieldstone, the house shared property with an adjacent mill for many years. The Temple-Webster-Stoner house was placed on the National Register of Historic Places in 1973.

Produced on the finest quality acid-free paper, each print has been personally signed and numbered by the renowned artist Richard Bollinger. Each print is \$75, 15" x 20 ½" unframed, and is available for purchase at the Township Building.

## Tired of Rising Heating a Cooling Costs?

GEOTHERMAL heating and cooling may be the answer. Geothermal systems have improved over the last number of years to be an efficient heating and cooling system for your home.

The Township has two large buildings that use geothermal systems for heating and cooling. I have used one in my home for over 12 years and am thrilled with the decision I made to install the system.

The basic part of the system is a closed loop system that is installed in the ground to take advantage of the approximate 54-degree constant ground temperature. The closed loop is environmentally safe and typically guaranteed for 50 years! That loop provides liquid to a compressor system (water furnace) that uses that liquid to produce either heating or cooling and also can be used to preheat your domestic hot water, for a lower water heating cost.

The higher initial installation cost, due to the ground loop, starts to see a payback immediately in lower energy costs, also there is no oil or gas costs and the concern for delivery of the fossil fuels.

**These are a few of the benefits that I have seen in having a geothermal system in my home:**

- NO use of fossil fuels.
- NO noise from an outside condenser that is part of air conditioning your home.
- NO fire in a furnace in the basement and no danger of carbon monoxide poisoning if there is a chimney failure.
- Lower energy costs to provide heating and air conditioning.
- More even heat and air conditioning as the geothermal system uses less variation in temperature between cycles.
- Cleaner home due to no burning of fossil fuels.
- No dependence on oil or gas delivery and the constant change in pricing.
- More space in the basement due to removal of the oil storage tank.
- Preheating of hot water for domestic use thereby causing additional savings from the cost of heating water for domestic use.
- Quiet operation of the system unlike the noise from the ignition of fossil fuel appliances.

If you have questions or need explanation of my experience with geothermal you can leave a question with Township staff to forward to me or contact your HVAC contractor who has had experience with the installation of geothermal systems. We must use systems like this to protect our environment and also see a benefit to our home budget! ✍️ -Jack M Hines, Chairman Board of Supervisors

### THE VILLAGE OF MARSHALLTON CHRISTMAS TREE LIGHTING DECEMBER 4, 2021

Annual Food Drive event with refreshments, music, Santa Claus, and fireplace aglow at Martin's Tavern from 4 p.m. to 6 p.m.

## 2022 BUDGET PROPOSED

The proposed 2022 Budget is now available for public review at the Township Building. It will be considered for adoption at the Board of Supervisors Monthly Meeting at 7 p.m. on December 14th.

If you have any questions about the Budget, please contact Justin Yaich, Township Manager at (610) 269-4174 or by e-mail at [jyaich@westbradford.org](mailto:jyaich@westbradford.org).

## WEST BRADFORD MUNICIPAL TAX BILLS FOR 2022

When you receive your 2022 municipal tax bill, please make your check payable to 'Chester County Treasurer', and send the payment to the County Treasurer's office, **NOT** the Township building.

### The Chester County Treasurer's office address is:

313 W Market St., Suite 3202  
P.O. Box 2748  
West Chester, PA 19380-0991

If you have any questions regarding your municipal tax bill, the phone number for the Chester County Treasurer's office is 610-344-6370.

## LAND DEVELOPMENT UPDATE

### Projects Now Under Construction:

- Buck Hill Farm – Dwelling construction complete, final dedication of improvements underway.
- Stargazer Village at Romansville – Dwelling construction complete, final dedication of improvements underway.
- The Townes @ Shannon Hill (formerly Mayfair) – Dwelling construction complete, final dedication of improvements underway.

All project plans are available for public review at the Township Building, Monday to Friday, 7:00am to 4:30pm.

## CERTIFIED SUSTAINABLE MUNICIPALITY

Let's keep that good news comin'! Once again West Bradford is recognized as a leader among PA communities.

West Bradford Township recognized as certified sustainable municipality. West Bradford Township announced Wednesday, October 27, 2021 it is among a select group of high performing municipalities to become certified through the Sustainable Pennsylvania Community Certification program. West Bradford Township is recognized at the Silver level of certification for meeting the program's rigorous performance criteria which track 131 policies and practices that define a sustainable community.

Special thanks for our admin assistant, Pam Henrichon for working with Sustainable PA to make this award a reality.

## WEST BRADFORD LAUNCHES ENERGY PLANNING INITIATIVE

Local energy planning for a safe climate future can mean energy cost savings for residents and businesses while preserving the safety, landscape, and culture of communities and providing new jobs and services. West Bradford has partnered with the PA DEP and, with the help of two talented Drexel interns, has begun the process of preparing a local climate action plan that will establish the goals, actions, incentives, and strategies for our community to reduce greenhouse gas emissions and other environmental impacts. We understand that the transition to a cleaner energy environment will take time, and the changes required will ask us all to adjust, so we are looking forward to getting your input into the plan via a survey and public meetings. Stay tuned!

## Humphry Marshall

This is the second in a series of articles detailing the life of West Bradford's own Humphry Marshall. By: Mark Slouf

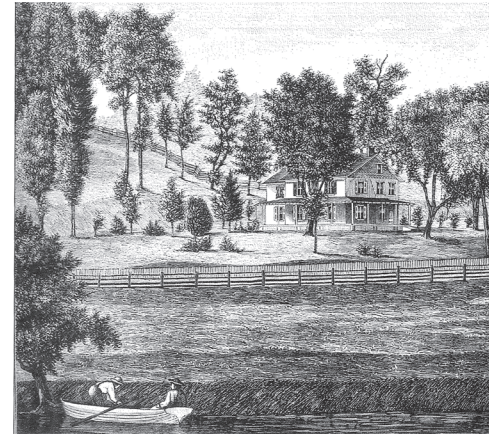

### *The Early Years*

Humphry Marshall was born October 10, 1722 in the Pennsylvania wilderness. The 8th of 9 children, he was the son of Abraham & Mary (Hunt) Marshall, both Quakers. His father's land, known as Derbydown, abutted the last vestige of the Leni-Lenape homeland. The area, then known as "The Forks," would soon become West Bradford Township.

One can only imagine, as a young boy growing up, that the natural world surrounding him, was his to absorb and create opportunities. As with most children in his time & place, the opportunity for education was limited. Humphry often stated that, "He never went to school a day after 12 years of age," and like most children, their time was spent laboring on the farm.

At 12 years of age, Humphry, who had been described as strong and robust, was apprenticed out as a stone mason, working in the summers in Lancaster and New Jersey. As we will see, these stone masonry skills would serve him well in the future. After several years, with Humphry's father's involvement with the ministry of the Friends, Humphry and his brothers took over the management of the family farm.

In 1748, Humphry married Sara Pennock and they resided with his parents. With Sara's encouragement, Humphry devoted much of his spare time to acquiring and studying books on natural history and the classics. One can envision Humphry studying late into the night by candlelight tucked in a niche at his father's house. During this time Humphry also heeded the call to public service, serving as County Assessor and later elected to County Treasurer. In 1764 Humphry erected a brick addition on his father's house of which he fired the bricks from his

own hand. He also constructed the first greenhouse in Chester County to further his appetite for the collection of rare plants, ornamental trees and shrubs and his interest in botany and horticulture which progressively became the focus of his life's work.

In 1767 he inherited a large portion of his father's estate and erected a gristmill (Marshall's Mill) on the West branch of the Brandywine. He is also known to have constructed two bridges and done road improvements, probably to better serve his mill.

At this point, Humphry was a little past the halfway point in his life. With his accomplishments, so far, he was a pillar of the community. But as we will see, his accomplishments will morph exponentially to where Humphry will attain International acclaim and correspond with the major figures of the time.

Next year, starting in June, in celebration of Humphry Marshall's 300th, there are events planned throughout the greater West Chester area, culminating on Oct. 8, 2022, Humphry Marshall Day at the Martin's Tavern/Humphry Marshall Historical Park as well as throughout Marshallton. Keep updated by following our website at [www.friendsofmartinstavern.org](http://www.friendsofmartinstavern.org).

## Snowy Winter Roads

To make the roads as safe as possible in winter, long hours in very tough conditions are spent by our Road Crew. Please cooperate with them and appreciate the fact that they are doing their best to serve the community. No matter how severe a snow or ice storm is, our staff is working to give you the best condition of roads as possible and as quickly.

Our trucks salt, cinder, and plow over 125 lane miles of roads. We hire extra contractors and maintain stock piles of over 400 tons of anti-skid material. We stock extra parts for plows, salt spreaders, and truck chains. Despite our best efforts, we do have equipment breakdowns during snowstorms. This may delay work on certain routes. Please be patient.

Each operator has a specific route that includes high priority roads and lesser priority roads. Operators will cover their entire route with salt and anti-skid material. This helps to keep the snow and ice from freezing on the surface. After that they begin to plow their route. The intensity of the snowstorm determines how routes are completed. For minor storms, the entire route may be completed at once. However, if the storm intensifies, only priority routes (usually through roads) will be plowed. Cul-de-sacs and secondary roads will not be done until the main routes can be kept open. As the storm lightens, all roads will be opened. After all roads can be kept open, drivers complete their route by pushing snow back as far as

possible on the cartway and clearing the intersections. The success of our winter maintenance program depends on how much cooperation we receive from our citizens.

### **By following these guidelines during a snowstorm, you can assist us in keeping the roadways open...**

- **Don't park cars on a street during a snowstorm.** Remove all vehicles from streets before the storm and keep them off until the streets are cleared. Having cars in the street not only delays the clearing of streets, but can result in the car owner receiving a fine and/or the car being towed.
- **Wait until the roadway is cleared before shoveling your driveway, sidewalk and mailbox area.** But if you must clear these areas sooner, please know Township trucks will likely throw snow back onto your property when plowing the road.
- **Do not shovel snow into the roadway.** Pushing snow from your driveway or sidewalk into the roadway creates a safety hazard and could cause an accident. Property owners may be held responsible for accident damages.
- **Prepare your vehicle for winter driving.** If you are too nervous about driving on snow and ice, don't drive! Share a ride with a neighbor or wait until the roadways are cleared before traveling.
- **Check your mailbox.** We are not responsible for mailbox damage unless we actually hit the mailbox

with a truck or plow blade. Heavy snow thrown from highway plows will break mailboxes and rotted posts and you are responsible for these repairs.

The Township does not plow private roadways, roadways not dedicated to the Township and most State-owned roadways. Bradford Avenue, Brandywine Drive, Glenside Road (from Beacon Hill Road into Downingtown), Camp Linden Road, Marshallton-Thorndale Road, Northbrook Road, Romansville Road, Downingtown Pike (Route 322), Embreeville Road, Stargazers Road, West Strasburg Road and Route 162 (from W. Strasburg to the Township line) are maintained by the Commonwealth. Please contact the Pennsylvania Department of Transportation at (610) 436-2091 to report snow removal concerns at these roadways.

We thank you for continued patience and understanding while we work to keep our roads safe during the winter season. 🍷

## TOYS FOR TOTS

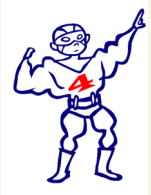

**U.S. MARINE CORPS RESERVE**

For more information go to [www.toysfortots.org](http://www.toysfortots.org)

**LOCATED IN THE TOWNSHIP  
BUILDING LOBBY STARTING  
NOVEMBER 29TH**

## REMEMBER THE “FLUSHABLE FOUR!”

If your property has a grinder pump, only four kinds of materials are permitted to be discharged into the sanitary sewer system...

1. Human waste & toilet paper
2. Food wastes processed through a garbage disposal unit (but not grease)
3. Water from sinks, tubs & dishwashers
4. Water from washing machines

All other materials can damage your grinder pump. This includes paint, adult wipes and baby wipes. Property owners are responsible for any damages caused by the discharge of prohibited materials.

## KEYSTONE INSTALLS NEW EASY PAYMENT DROP BOX

Keystone Collections Group installed a drop box to help taxpayers make easy and timely payments on their tax bills. The box is located in front of the Chester County Intermediate Unit Building at 455 Boot Road, Downingtown, PA 19335. Residents can use the box to remit local tax returns, payments and related documents. All contents must be placed in an envelope with the taxpayer's name, address and phone number written on the front. Cash should never be placed in the box – payment must be made only by check or money order.

The new drop box provides an alternative for residents who are concerned about the new coronavirus DELTA variant and are trying to avoid personal contact when paying their tax bill.

Residents can continue to pay taxes safely and securely online by visiting [www.KeystoneCollects.com](http://www.KeystoneCollects.com)

## Land Preservation and Sustainability Committee “LPSC” Update on the Broad Run and Shadyside Park Pollinator Gardens

As we wrap up the summer and fall and head into winter, the pollinator gardens are still at work. If you look close enough, you will see that there are still seeds remaining on many of the flowers. These seeds will provide nourishment for many birds who hang around our area for the winter. In addition, as the leaves and temperature drop, it might be tempting to forget about your pollinator garden until spring—but don't call it quits yet! While it may seem like the bees and other insects have vanished for the year, they actually haven't gone anywhere.

In the following months the Township Park gardens will remain as is and the tall grasses and stems from the plants will remain undisturbed so that pollinators (insects and birds) can continue to benefit from its nourishment and protection.

Although some butterfly species, most notably the Monarch, are well-known for migrating vast distances when the seasons change, most pollinators prefer to stay home and ride out the cold. So, as unlikely as it seems, you are currently surrounded by bees and butterflies—even though we cannot see them.

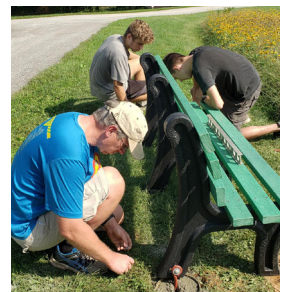

Most native bee species will spend the winter in the nests that their mothers provisioned within the garden. In fact, just like bears, many pollinators hibernate through the winter, and having the protective layers of debris from the plants will assist with this process.

So if you are curious, the gardens will not be mowed until late winter for the reasons noted above. Next year you will also notice a much larger number of flowers appearing since they have now cycled through a full year and have had a chance to germinate properly. In addition, next year the LPSC will be studying additional locations for these beautiful and useful gardens. Please keep in mind that no pollinator garden is too small; so think about planting one in your own yard now or early next year.

Many thanks to Tyler Mordosky and Scout troop 52 for installation of the park benches, interpretive signage, and birdhouses. Tyler Mordosky is working toward his Eagle Scout Award and

took this on as his Eagle Scout project. Tyler was responsible for organizing the project in regards to the schedule, materials, and manpower. Others involved from Scout

Troop 52 include John Mordosky, Vinny Baldwin, Zach Baldwin, Noah Mantegna, Sam Mantegna, Michael Wadsworth, John Bossong, Matt Watson, Sean Watson, John Thelman, Jim Bossong, Bob Langan, Joe Boyce Jr., Ben Brochet, John Bonella, Brady King, Grace King, Kameron Wallace, Jonathan Luu, Ethan Luu, Brianna Rossi, Kellyann Mordosky.

*Tyler Mordosky,  
Cam Wallace, and  
John Mordosky*

## PORTABLE BASKETBALL NETS

Residents should be aware that portable basketball nets should not be placed in or along the roadway. These nets are considered an encroachment in the public right of way and can create a safety concern for others. These nets can also hinder us in our refuse/recycling collection along with winter maintenance operations. If you currently have one, please remove it from the street and place in on your property.

## Bulk Trash Want to Save Money?

Did you know by maximizing the use of your toter space we could save on landfill fees? Yes, it's true! Disposing of bulk items costs more than regular trash. Items that shouldn't go in your toter are e-waste (computers, printers, phones or flat screen T.V.'s). Those items can be brought to the Township Building. Anything with Freon cost only \$20.00 for us to pick it up and dispose of it properly. Also, microwaves (remove glass tray) can be taken to the compost site for disposal. Check our website for more details. Other items can go right in the trash toter. We'll save so much money, we'll be smilin' all the way to the bank! 🐾

## LOOKING FOR HOMEBOUND RESIDENTS

Meals on Wheels of Chester County serves hot and nutritious lunches to our neighbors who are homebound, cannot cook healthy meals, and have no one to assist them with food preparation. Volunteers deliver meals five days a week, distributing easily-reheated food to those needing additional support.

And while all recipients are asked to make a modest donation toward the cost of their daily lunch, Meals on Wheels will never deny a meal to those unable to make a donation.

Do you know someone who would benefit from this assistance? To request a client application, please contact Meals on Wheels at (610) 430-8500, or by e-mail at [meals@mowcc.org](mailto:meals@mowcc.org). More information at [mowcc.org](http://mowcc.org).

## WATERSHED PROTECTION TIP - DON'T TOP OFF

"Topping off" a gas tank after the nozzle clicks can cost you money and pollute our streams! Overfilling causes gas spills that may drain to the storm sewer and nearby streams. And forcing extra gasoline into the tank can decrease engine efficiency and adversely affect the vehicle's emission system. This Watershed Protection Tip is part of West Bradford Township's ongoing efforts to provide public education on stormwater management and the protection of our environment.

## RECREATIONAL PROGRAMS

### DOWNTOWNTOWN AREA RECREATION CONSORTIUM, (DARC)

DARC has been a thriving part of the Downingtown community for over 30 years. Thanks to generous donations, we are able to offer a variety of programs and events to people of all ages. Community members have enjoyed fitness classes, educational programs, bus trips, dance classes, sports leagues, summer camps, and more. All (in person & virtual options) programs may be viewed at [www.darc.info](http://www.darc.info). Please stay active and stay healthy. Hope to see you this winter!

### WEST BRADFORD YOUTH ATHLETICS (WBYA)

Founded in 1985, WBYA is a non-profit, volunteer organization that provides year-round recreational sports opportunities for children in the surrounding area of Chester County, PA.

Their focus is to promote knowledge of the game, good sportsmanship, teamwork and FUN! WBYA encourages the "let's give it a try" first timers and gladly welcomes back players who return season after season.

WBYA is proud to be a part of the amazing West Bradford community and are always looking for volunteers to coach and/or help out in whatever area they might have expertise. Please reach out at [office@wbya.org](mailto:office@wbya.org) if you are interested. WBYA also offers assistance with registration fees to families who are struggling. Particularly during these challenging times, please contact [office@wbya.org](mailto:office@wbya.org) for more information. Please stay tuned to [wbya.org](http://wbya.org) and our Facebook page for updates on upcoming programs!

## WAYS TO PAY FOR YOUR UTILITY BILLS

West Bradford Township is excited to offer residents easy and convenient methods to pay their utility bills.

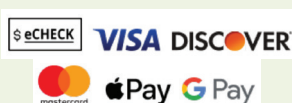

### NO FEES:

- **Mail or bring a check** to the Township Building (1385 Campus Drive, Downingtown, PA 19335).
- **Online** bill pay through your bank (make sure to reference your 10 digit account number).
- **Go to TD Bank** at 3821 W Lincoln Highway, Downingtown, PA 19335 (only this branch) and bring your payment stub and check.
- **Set up automatic payments.** You can do this by going to our website to download the form. [www.westbradford.org/documents/files/automatic-bill-payment-form-refuse-sanitary-sewer-and-hydrant-fees](http://www.westbradford.org/documents/files/automatic-bill-payment-form-refuse-sanitary-sewer-and-hydrant-fees).

Complete the form and mail it to:  
West Bradford Township  
1385 Campus Drive  
Downingtown, PA 19335

### FEES:

- Call the Township or go to the Township Building and pay by **credit card (there is a 2.50% fee).**
- You may also make a payment by phone or check your account balance 24/7 with our automated phone service. Call (844) 810-7245 or make a payment by going to our website [westbradford.org](http://westbradford.org) and click Online Payments. There is a per transaction limit of \$300.00.
- A service fee of \$4.50 will be applied to all credit card payments and a fee of \$1.50 will be applied to all payments made via electronic check (ACH/EFT).

## West Bradford Scouting

The Scouts BSA units in West Bradford have been extremely busy this fall. All of our units completed a successful summer camp at Chester County's premier scout camps. Horseshoe and Ware located in Rising Sun MD and Peach Bottom PA Summer camp is a way to take the scouts away from their connected life (i.e. internet, tv, gaming etc.) and get them to focus on the outdoors, bonding as a unit and having fun! All of our units took home honors for various competitions such as swimming, marching, log throwing and first aid. All in all, our Scouts represented West Bradford proudly!

The Troops have been busy with several projects such as replacing the sign and crosses at Romansville United Methodist Church, adding benches and bird houses to the pollinator gardens at our parks, setting up an outdoor classroom at Bradford Heights Elementary (in progress) working with a boxer rescue, and volunteering at the Chester County Balloon Festival. The Packs recently participated at West Bradford Day and the West Bradford Fire Company open house.

We have also had several Scouts reach the height of Eagle Scout this summer and hosted several Eagle Courts of Honor. The latest to reach Eagle was Troop 52's Nolan Ross whose Eagle ceremony was hosted at Chester County Council's new Scout Center in Exton. The Parc building and complex just opened in September and has hosted several events for our children to see what scouting is all about.

Lastly our troop will be doing the annual Christmas tree pick up service we provide for our township. Details are in this month's newsletter.

To contact our scouting community just email [WBScoutingUnits@gmail.com](mailto:WBScoutingUnits@gmail.com) and it will be directed to the proper unit. Our units Troop 52 (boy's unit) and Troop 19 (ladies' unit) meet at Marshallton United Methodist Church every Thursday at 7:00 pm Pack 152 meets every month on the first Wednesday at 6:30 pm at West Bradford Elementary Pack 215 meets every month on the first Monday at 7:00 pm at Bradford Heights Elementary. 🐾

## West Bradford Fire Company Fighting to Protect Us

West Bradford Fire Company is a 100% Volunteer Organization! These volunteers donate their time and skills to protect our community, day and night. They give up personal time to train and provide the best possible emergency services to our community. Please consider making a contribution to this organization of generous, hard-working volunteers. Checks payable to the West Bradford Fire Company may be sent to 1305 West Strasburg Road, West Chester, PA 19382.

The Fire Company is also looking for residents who can join in their efforts to keep our Township safe. Even if you have only a few hours to share, your assistance can make a big difference! Contact the Fire Company at (610) 696-8409, or stop by the Main Station (1305 West Strasburg Road) or the Sub Station (1387 Campus Drive) on any Thursday evening. 🐾
