

Goodbye Summer! Hello Fall!

The Coatesville Library had a wonderful & busy summer! Over 150 young readers participated in our Summer Reading Program, “Oceans of Possibilities”, & attended multiple ocean themed activities in June, July & August! A big thank you to all of our participants!

Mr. Sandals was our reading octopus this summer! Each link represents a day that a child read. Mr. Sandals grew all summer!

The library was a host site for the Coatesville Youth Initiative’s ServiceCorps program. The two students at our location learned valuable work skills & helped the library staff with day to day operations & special projects.

The ServiceCorps students learned about public librarianship by helping with multiple projects this summer including book displays!

As school-age students return to the classroom, the library has many engaging programs & events planned for the fall months. Pre-school Storytime will continue on Friday mornings. This is a free in-person program for children up to 6 years.

The “Let’s Have a Conversation” book club had a successful series of meetings in July & we will choose a new book in September. These are hybrid meetings & participants can attend virtually or in person. Please check our online calendar for details.

Mark your calendars now - The Coatesville Library will be having a fall book sale on October 14-16. This is a terrific opportunity to find great books & support your local library.

Please make a note of the library's new website address – www.coatesvillelibrary.org. Please visit our website often to see announcements & click on the calendar icon on the right side of the page to see a current list of upcoming events. Remember – all library programs are free of charge!

We look forward to seeing you at the library soon!
