ANNOUNCEMENTS:

As a reminder July's meeting will be held on the 10th and not the 4th. In addition, the September 11th meeting is cancelled.

LP&SC PROJECT UPDATES

Marsha mentioned the idea of having the township clear out certain areas of the park where there are excessive amounts of invasives. Justin noted that it may be a manpower issue. The committee discussed possible committee projects: Skywarm public meeting, invasive removal event, a sustainable household program, and educational signage at parks. Green office programs were also discussed. The committee will investigate making the invasives event a volunteer resident activity. This would be done in the late fall or early spring.

It was noted that there may be additional tree plantings in the fall. Locations to be determined.

CONSERVATION EASEMENTS

No discussions currently.

ENERGY UPDATES

Cheryl will provide dates to the committee for a possible visit to the Down to Earth Harvest for those who might be interested.

There being no other business, Abbie Kessler made a motion to adjourn, second by Cheryl Wanko. The meeting was adjourned at 8:10.

Respectfully Submitted,

Lyle V. Fredericks, Secretary
