TOWNSHIP NEWSLETTER PUBLISHED BY THE BOARD OF SUPERVISORS

### West Bradford Recycles

West Bradford Township has a goal of 35% recycling and we need your help to reach it! Recycling greatly reduces the amount of refuse required to be disposed at the landfill, for a substantial savings to our community. Every dollar saved and earned is retained in the Refuse Fund... helping to keep our collection fee as low as possible. To say nothing of helping our environment. The Township pays \$65 for each ton of refuse dumped at the landfill.

In the second quarter of 2017 approximately 28% of that collected curbside was recyclable materials. During this three-month period, the Township collected 1,028.04 tons of refuse and 400.51 tons of recyclables, saving us \$26,033.15 in landfill fees. Thank you!

### Wednesday is Holiday Collection Day

If a regularly-scheduled refuse, large item or recycling collection day falls on a holiday, collection for that holiday will be rescheduled for the Wednesday of the same week the holiday (or holiday-observed date) falls in.

FOR THE FOLLOWING HOLIDAY:	COLLECTION WILL OCCUR ON:
Monday, September 4 (Labor Day)	Wednesday, September 6 (refuse & recycling only)
Thursday, November 23 (Thanksgiving Day)	Wednesday, November 22 (refuse & recycling only)
Friday, December 22 (Christmas Eve Observed)	Wednesday, December 20 (refuse & recycling only)
Monday, December 25 (Christmas Day)	Wednesday, December 27 (refuse, large item and recycling)

### Fall Family Fun Festival and Ghost Walk Village of Marshallton • Saturday, October 21st from 5–8pm

The perfect fall family outing! The annual Fall Family Fun Festival & Ghost Walk in the Village of Marshallton is on Saturday, October 21, from 5:00 to 8:00pm. (October 22 rain date.) Spend a crisp fall evening strolling through the quaint streets of Marshallton and stopping to hear interesting ghost tales and facts about the Township's most historic village. Enjoy pumpkin and face painting, old-fashioned hayrides and listening to intriguing stories by a crackling bonfire. West Bradford Township's Historical and Recreation Commissions very proudly co-host this fun-filled event. Volunteers are needed and greatly appreciated! For more information on how you can have a great time lending a hand, please contact Kevin Letrinko at (610) 269-4174 or [kletrinko@westbradford.org](mailto:kletrinko@westbradford.org).

## Fall Curbside Leaf and Brush Collection

**T**his fall West Bradford Township will provide curbside collection of leaves and brush on the following four dates: Wednesday, October 18, Wednesday, November 1, Wednesday, November 15 and Wednesday, December 6. There is no cost for this service, but there are a few simple rules to follow that will help us to keep this service free...

- The collection is for leaves and brush only. Grass clippings are not accepted!
- All pick-ups must be scheduled by 2pm the day before the collection date. Residents may schedule a pick-up by contacting the Township Building at (610) 269-4174, or by e-mailing [pmurdoch@westbradford.org](mailto:pmurdoch@westbradford.org). Please specify the number of leaf bags, the number of stick bags, and the number of bundled brush piles, as different trucks are used to collect these different types of yard waste.
- Leaves must be placed in bio-degradable paper collection bags. To avoid damaging the equipment used to compost the leaves, the bags must be free of plastic, trash, sticks and all other debris.
- Do not staple or tape bags closed.
- Sticks must be placed in bio-degradable paper collection bags or bundled (see below), but sticks can't be mixed with leaves.
- Bundled brush must not be longer than four feet and must be tied into manageable bundles with a cotton or hemp twine. The bundles must be free of plastic, trash and other debris to protect the composting equipment. Branches thicker than four inches will not be collected.
- Bags must be placed at curbside by 6:00am on the scheduled collection days.
- Leaves placed in any other container, including trash and recyclable totes, will not be collected. This includes all varieties of "biodegradable" or "compostable" plastic bags.

Bio-degradable bags may be obtained at the Township Office, 1385 Campus Drive, at a cost of \$.50 per bag, Monday through Friday, from 7:00am to 4:30pm. Residents may also purchase bags sold at local department stores. The West Bradford Compost Site, 2020 West Strasburg Road, is also available for leaf and brush drop-off on Saturdays and Wednesdays from 9:00am to 2:00pm. Grass clippings are accepted at this site only when the "green light" is posted at [westbradford.org](http://westbradford.org). Just look for the traffic signal! Also... Shrubbery and tree trimmings up to eight inches in diameter or eight feet in length may be taken to the Lanchester landfill in Honey Brook for a fee. The landfill will not accept root balls, dirt or stones. Contact the landfill at (610) 273-3771 for more information.

## Watershed Protection Tip Don't Top Off

"Topping off" a gas tank after the nozzle clicks can cost you money and pollute our streams! Overfilling causes gas spills that may drain to the storm sewer and nearby streams. And forcing extra gasoline into the tank can decrease engine efficiency and adversely affect the vehicle's emission system.

*This Watershed Protection Tip is part of West Bradford Township's*

*ongoing efforts to provide public education on stormwater management and the protection of our environment.*

## Open Space Referendum

**O**n June 13, 2017 the Board of Supervisors voted to adopt Ordinance 17-04. This ordinance authorizes the following referendum to be placed on the general election ballot on November of 2017. The question will ask voters, *"Do you favor the imposition of an increase in the earned income tax at the rate of one-quarter of one percent by the Township of West Bradford to be used to purchase interest in real estate for purposes of securing open space benefits and for transaction fees incidental to the acquisition of open space property interests such as cost of appraisals, surveys, closing costs, title searches, legal fees, and conservation and stewardship plan preparation under and in accordance with all planning requirements of the provisions of the Act and/or the Act of June 30, 1981, P.L. 128, No. 43 known as the "Agricultural Area Security Law"; and/or the expenditure of funds for any purpose relating to the acquisition or preservation of open space and/or for open space benefits?"*. If the referendum passes, the Township will establish a plan, in accordance with State Law. The plan will outline how the revenue will be allocated, how properties will be identified and graded for potential preservation and how funds will be allocated for the long-term care of those properties and easements. Since this is funded through earned income tax, revenues such as Social Security, pensions, dividends, interest, and insurance proceeds would not be taxed. The tax would only apply to income that is actually earned through employment. For more information on PA earned income tax please visit [hab-inc.com](http://hab-inc.com) Please stay tuned for more important information on this important initiative. 🍃

## West Bradford Township – Staff Changes

### Nancy Althouse, Finance Director to Retire

After over sixteen years of service to the Township, Nancy Althouse will be retiring this fall. She was hired as Bookkeeper in December 2000 and appointed Finance Director/Assistant Treasurer in January 2002. Nancy grew up in Downingtown. She graduated from Drexel University with a Bachelor of Science degree in Accounting. Nancy now resides in Parkesburg, where she and her husband Gary raised their daughter. We wish Nancy the best in her retirement. We know that she will enjoy spending more time with her two granddaughters, but she will certainly be missed here at the office!

### Welcome, Rosemary Moore! New Finance Director

West Bradford Township is pleased to introduce to you our new Finance Director, Rosemary Moore. Rosemary currently resides in East Fallowfield Township with her husband Terry and their three college-age children. Rosemary comes to West Bradford from East Whiteland Township, where she was the Assistant to the Finance Director. Prior to that, Rosemary was the Treasurer and Office Manager at East Fallowfield Township. She is a graduate of Villanova University, with a Bachelor of Science in Accounting. In her spare time she enjoys running, hiking, biking and kayaking.

## Parks & Recreation New Memorial Program

The Parks & Recreation Department is happy to announce the start of our *Memorial Bench* and *Memorial Tree* programs! These are fantastic opportunities to commemorate or memorialize a loved one within our parks or trails, and are also great ways to contribute to our parks and trail systems. You can find more information at [westbradford.org](http://westbradford.org), under the Parks & Rec tab, and order forms can be printed off the website or picked up in person at the Township Building. We look forward to these new programs, and hope that the West Bradford Township community members will see the same value in them as we do!

## Parks & Recreation Survey

West Bradford Township Parks & Recreation Department wants your

feedback! Take the time to fill out a quick survey on [westbradford.org](http://westbradford.org) and let us know what we are doing well, what we can do better, and what you would like to see in regards to our parks, trails, and special events... The input from our community members is essential for operating an effective and efficient department, and we would appreciate any input you can provide! Thanks for your time in advance, and we will see you in our parks!

## Tips for the Safe Use of Portable Generators

During long-term power outages many rely on portable generators for emergency power... but many generators are installed and operated incorrectly and pose a real threat to the lives of family, neighbors and utility crews working to restore service. Follow the tips below when installing and operating portable generators:

- **Follow the directions supplied with the generator.** Incorrect generator use can lead to carbon monoxide (CO) poisoning from the toxic engine exhaust, electric shock, electrocution and fire. Never use a portable generator indoors and never use a portable generator in a garage, carport, basement, crawl space or other enclosed or partially-enclosed area... even with ventilation. Opening doors and windows or using fans will not prevent CO buildup in the home.
- **Generators should be at least 20 feet away from buildings.** At even 20 feet away air flow patterns may still blow carbon monoxide into homes through attic vents, windows or doors. Keep the generator away from these openings and maintain a working carbon monoxide detector inside the home.
- **To avoid electrocution, keep the generator dry.** Do not use in rain or wet conditions. Operate it on a dry surface under an open canopy-like structure. Make sure your hands are dry before touching the generator.
- **Turn off all appliances and lights before you begin operating the generator.**

Once the generator is running, turn appliances and lights on one at a time to avoid overloading the unit. And don't forget to use safety-tested, shop-type electrical cords designed and rated for heavier, outdoor use.

- **Never try to power house wiring by plugging the generator into a wall outlet.** This practice, known as "back feeding," can lead to the electrocution of utility workers or neighbors served by the same utility transformer. The only safe way to connect a generator to house wiring is to have a qualified electrician install a power transfer switch.
- **Shut down your generator correctly.** Turn off and unplug all appliances and equipment being powered before shutting off the generator. Drain the gasoline from the generator while it is being stored, and inspect the fuel and oil filters, spark plug, oil level and fuel quality on a regular basis... and before the next power outage!

For more info contact John Haynes, Emergency Operations Center Deputy Director, Chester County Department of Emergency Services, at (610) 344-5005.

## Free Counseling from APPRISE During Medicare Annual Open Enrollment Period

Are you unhappy with your Medicare Advantage Plan or Part D Drug Plan? Thinking about making a change during this year's Annual Open Enrollment Period (AOEP), but are unsure about all of the options available? APPRISE counselors are specially-trained volunteers who can assist you in evaluating your options so that you can determine which will give you the best value in 2018. APPRISE is a free, health insurance counseling program offered by the Chester County Department of Aging. The 2017 AOEP will run from 10/15–12/7. The Township will be hosting two days of APPRISE counseling at the Township Building, 1385 Campus Drive, Downingtown on Monday, 11/6 and Thursday, 11/16. If you want to schedule a free, one-on-one, confidential meeting with a counselor, contact the Chester County Department of Aging at 610-344-5234. If these dates aren't convenient, the Dept. of Aging can provide dates and times for other counseling sites throughout the county.

## Snowy Winter Roads

**O**ur Road Crew and the contractors spend long hours in tough conditions to make the roads as safe as possible. Please cooperate with them and appreciate the fact that they are doing their best to serve the community. Every winter we receive snow and ice storms. Some winters are more severe than others. However, whether it's severe or not, our staff prepare to have our roads in as good a condition as possible. Our trucks salt, cinder, and plow over 125 lane miles of roads. We hire extra contractors and maintain stock piles of over 400 tons of anti-skid material. We stock extra parts for plows, salt spreaders, and truck chains. Despite our best efforts, we do have equipment breakdowns during snowstorms. This may delay certain routes. Please be patient. Each operator has a specific route that includes high priority roads and lesser priority roads. When a snowstorm begins, operators will cover their entire route with salt and anti-skid material. This helps to keep the snow and ice from freezing on the surface. After that they begin to plow their route. The intensity of the snowstorm determines how routes are completed. For minor storms, the entire route may be completed at once. However, if the storm intensifies, only priority routes (usually through roads) will be plowed. Cul-de-sacs and secondary roads will not be done until the main routes can be kept open. As the storm lightens, all roads will be opened. After all roads can be kept open, drivers complete their route by pushing snow back as far as possible on the cartway and clearing the intersections. The success of our winter maintenance program depends on how much cooperation we receive from our citizens.

### By following these guidelines, you can help keep the roadways open:

- **Don't park cars on a street during a snowstorm.** Remove all vehicles from streets before the storm and keep them off until the streets are cleared. Having cars in the street not only delays the clearing of streets, but can result in the car owner receiving a fine and/or the car being towed. If we are required to send a crew out to re-plow a street because cars were parked there, it costs more of your tax dollars!
- **Wait until the roadway is cleared before shoveling your driveway, sidewalk and mailbox area.** But if you must clear these areas sooner, please know Township trucks will likely throw snow back onto your property when plowing the road.
- **Do not shovel snow into the roadway.** Pushing snow from your driveway or sidewalk into the roadway creates a safety hazard and could cause an accident. Property owners may be held responsible for accident damages.
- **Prepare your vehicle for winter driving.** And if you are too nervous about driving on snow and ice, don't drive! Share a ride or wait until the roadways are cleared before traveling.
- **Check your mailbox.** We are not responsible for mailbox damage unless we actually hit the mailbox with a truck or plow blade. Heavy snow thrown from highway plows will break mailboxes and rotted posts. You are responsible for these repairs.

The Township does not plow private roadways, roadways not dedicated to the Township and most State-owned roadways. West Strasburg Road, Marshallton-Thorndale Road, Northbrook Road, Romansville Road, Downingtown Pike (Route 322), Embreeville Road, Bradford Avenue, Brandywine Drive, Glenside Road (from Beacon Hill Road into Downingtown), Camp Linden Road and Stargazers Road are maintained by the Commonwealth. Please contact the Pennsylvania Department of Transportation at (610) 436-2091 to report snow removal concerns at these roadways.
